

## Contents

<b>Chapter 1 Administration</b> .....	37- 5	6.4 Installation Criteria for Fuel Tanks Containing Liquefied Petroleum Gases .....	37-11
1.1 Scope .....	37- 5	6.5 Fuel Flow Control .....	37-11
1.2 Purpose .....	37- 5	6.6 Filling .....	37-11
1.3 Application .....	37- 5	6.7 Vent Piping .....	37-11
1.4 Equivalency .....	37- 5	6.8 Fuel Piping, Valves, and Fittings .....	37-11
1.5 Units and Formulas .....	37- 5	6.9 Transfer of Liquid Fuel to Engines .....	37-11
<b>Chapter 2 Referenced Publications</b> .....	37- 5	<b>Chapter 7 Lubricating Systems</b> .....	37-11
2.1 General .....	37- 5	7.1 General Requirements .....	37-11
2.2 NFPA Publications .....	37- 5	7.2 Combustion Gas Turbines .....	37-12
2.3 Other Publications .....	37- 6	7.3 Lubricating Oil Piping .....	37-12
2.4 References for Extracts in Mandatory Sections .....	37- 6	7.4 Reciprocating Engines .....	37-12
<b>Chapter 3 Definitions</b> .....	37- 6	7.5 Safeguards for Gauging Devices .....	37-12
3.1 General .....	37- 6	<b>Chapter 8 Engine Exhaust Systems</b> .....	37-12
3.2 NFPA Official Definitions .....	37- 6	8.1 Design and Construction .....	37-12
3.3 General Definitions .....	37- 6	8.2 Installation .....	37-12
<b>Chapter 4 Engines — General Requirements</b> .....	37- 7	8.3 Clearance from Exhaust Systems with Exhaust Gas Temperatures of Less Than 760°C (1400°F) .....	37-12
4.1 Engine Locations .....	37- 7	8.4 Clearance from Exhaust Systems with Exhaust Gas Temperatures of 760°C (1400°F) or Greater .....	37-13
4.2 Foundations .....	37- 8	<b>Chapter 9 Control and Instrumentation</b> .....	37-13
4.3 Hazardous Locations .....	37- 8	9.1 All Engines .....	37-13
4.4 Engines Handling Hazardous Materials (Other Than Their Own Fuel Supply) .....	37- 8	9.2 Reciprocating Engines .....	37-13
4.5 Electrical Installations .....	37- 8	9.3 Combustion Gas Turbines .....	37-13
4.6 General Installation Requirements .....	37- 8	<b>Chapter 10 Instructions</b> .....	37-13
<b>Chapter 5 Fuel Supply — Gaseous</b> .....	37- 8	10.1 Operating Instructions .....	37-13
5.1 Gas Piping .....	37- 8	10.2 Emergency Instructions .....	37-13
5.2 Gas Trains .....	37- 9	10.3 Training .....	37-13
5.3 Regulators .....	37- 9	<b>Chapter 11 Fire Protection Features</b> .....	37-13
5.4 Valves .....	37- 9	11.1 General .....	37-13
5.5 Pressure-Boosting Equipment .....	37- 9	11.2 Portable Fire Extinguishers .....	37-13
<b>Chapter 6 Fuel Supply — Liquid</b> .....	37- 9	11.3 Fire Detection and Alarm Systems .....	37-14
6.1 Design and Construction of Liquid Fuel Tanks .....	37- 9	11.4 Fire Protection Systems and Equipment .....	37-14
6.2 Installation Criteria for Fuel Tanks Containing Class I Fuels .....	37- 9	<b>Annex A Explanatory Material</b> .....	37-14
6.3 Installation Criteria for Fuel Tanks Containing Liquid Fuels Other Than Class I Fuels .....	37-10	<b>Annex B Informational References</b> .....	37-21
		<b>Index</b> .....	37-22
